

The New Hampshire Hospital Association (NHHA) and the Foundation for Healthy Communities (FHC) have converted to a new phone system. Effective July 28th, you will be able to reach individual staff members by calling them on their direct dial phone number (see list below). You can also still reach us by our main phone number at (603) 225-0900. When you call our main number you will be given the option to find each of us by a directory listing, but you will always have the ability during regular business hours to opt out to speak to one of our staff members directly to help direct you.

Please note our new individual phone numbers:

NHHA	Direct Dial Phone Numbers
Steve Ahnen	415-4250
Julie Osgood	415-4251
Kathy Bizarro	415-4252
Leslie Melby	415-4253
