

NHHA ENDORSED BUSINESS PARTNER PROGRAM

New Hampshire Hospital Association

The New Hampshire Hospital Association (NHHA) is proud to offer the NHHA Endorsed Business Partner (EBP) program through Health Shared Services Inc. (HSSI). The core focus of the EBP program is to identify innovative organizations that are committed to fostering operational excellence by providing value-added services to the healthcare facilities in New Hampshire. Through a deliberate market assessment process, the NHHA EBP program matches issue-specific member needs with products and/or services with the intention of providing New Hampshire healthcare facilities with go-to-market, innovative vendor selections.

The business partners selected are expected to meet high-quality standards and offer products or services that help healthcare facilities control costs, recover revenue, reduce operating and capital expenses, improve management and quality, increase productivity, develop staff resources and apply new strategies. Through the due diligence process, NHHA staff performs the necessary evaluation and analysis of the potential partner for review, approval and endorsement.
